Activity 1. For each of the topics listed below, provide the title and the number of every section of the *ACM Code of Ethics and Professional Conduct* that addresses that topic. Note that some sections will cover more than one topic.

1. Computer crime:
2. Computer and/or network security.
3. Protection of privacy.
4. Intellectual property.
5. Computer reliability.
6. Professional competence.
7. Professional integrity.
8. Societal responsibilities.

Activity 2. Do you feel that a professional code of ethics in computing (like the ACM code) is needed and important? Justify your answer with a brief explanation.

Activity 3. List what you feel are the five most important professional responsibilities specified in the ACM code of ethics.

Be prepared to discuss the ACM professional code of conduct and whether or not you feel it adequately covers the areas specified in Activity 1. Also be ready to discuss your answers to Activities 2 and 3.
